## **THE “ELIO BOTTI - COME ACQUA SALIENTE” PRIZE**

### **XIX edition**

Works in the following areas which make a specific contribution to the preservation and protection of our hydrogeological heritage are eligible for the prize: doctoral and graduate theses, essays, projects, publications, protocols, inventions, patents and initiatives in the field of applied hydrogeology and well drilling.

A prize plaque with “Acqua Saliente” by Laura Nocco and a cash prize of € 1,200.00 (one thousand two hundred euros) will be awarded to the winners

### **Additional Prize**

Works and initiatives that enrich and disseminate knowledge, respect and love for water resources and contribute to promoting a culture of knowledge about water will be eligible for an additional prize.

These winners will receive a prize plaque with "Acqua Saliente" by Laura Nocco

### **GUIDELINES**

All works to be submitted to the XIX edition of the prize should be received or reported to the Prize Secretariat by 15 January 2024.

They must be delivered in either hardcopy (four copies) or electronic format (one copy) to the following addresses, respectively:

"Elio Botti - Come Acqua Saliente" Award Secretariat - Via Emanuele Filiberto, 28 - 45011 ADRIA (RO) or the e-mail address: [acquasaliente@bottielio.it](mailto:acquasaliente@bottielio.it)

Submissions must indicate the name, surname, postal and e-mail address and telephone numbers of the applicant.

No submitted materials can be returned. Winners will be notified by e-mail.

The awards ceremony will be held at the Department of Geosciences of the University of Padua on a future date to be announced.

The decision of the Jury is final. The Jury is appointed by the prize promoters.

The prize and any awards will be conferred exclusively to the winners who are required to attend the awards ceremony.

In event of their absence, the cash prize will not be awarded.

**The Prize was established by Botti Elio S.r.l. - Drilling Company and CO.ME.TRIA. S.r.l.  
to promote and spread a culture of knowledge about water and  
to contribute to the enhancement and protection of our hydrogeological heritage**
